A robust energy saving fixture UV stabilised polycarbonate body in a neutral light grey colour. Efficient prismatic lenses in clear polycarbonate provide optimum lighting performance from the T5 lamps. Designed for horizontal surface mount installation and fitted with stainless steel, quick release diffuser retaining clips that resist corrosion and heavy operation. Designed with an IP65 weatherproof rating for use in damp or corrosive areas or situations that are exposed to extreme weather conditions.

FEATURES

- Dustproof, rustproof, weatherproof and corrosion resistant.
- Polycarbonate body and diffuser.
- Stainless steel clips and mounting hardware.
- Electronic Ballast and flicker free start.

APPLICATIONS

Car Parks, security lighting, general weatherproof situations, external building work.
